Hi Rose,

I thought I would at least send the slides, bio and pic so you have them.

That way the only things we have to worry about are the MP4s.

Thanks

Jeff

Hi Jeff,

Thanks for this! I will be sending out the calendar invites today and I'll let Jacob or Luke advise on the best way to share your presentation files.

Very best,
Rose

Oh – one other questions related to logistics for the 23rd. Will you be sending an invite out with log in info, etc.

Just wanting to make sure I didn't miss anything.

Thanks

Dear all,

Thanks very much once again for joining today's practice call. Please find attached the guide to recording your presentation which includes all the links we referenced on the call as well as a link to the example video. If you would like a copy of today's call recording please let me know.

As discussed, it would be great if you could share your presentations with us by Friday 11 June but if this presents any problems, please let me know. Once the videos are edited, we will share a link for you to view the presentations of the other speakers in your session ahead of the conference.

I have also copied my colleagues Luke, Jacob and Simon from the production team. If you have any questions at all, please reply to this email and we'll be happy to help.

We look forward to seeing you again on the 23rd!

Best wishes,
Rose
